

# Executive Leaders

## Driving Business Impact with Disability:IN

Strengthen Performance. Shape Strategy. Lead What's Next.

Executive leaders set the direction for how their organizations compete, grow, and deliver value. [Disability:IN](#) partners with companies and their executives to embed disability inclusion across the enterprise. This work helps leaders strengthen performance, unlock market opportunity, and position the business to lead in a rapidly evolving market.

### Where Executive Leaders Work with Disability:IN

- Aligning disability inclusion with enterprise strategy and business performance
- Identifying growth opportunities across workforce, customers, and markets
- Strengthening brand, reputation, and stakeholder trust at the highest levels

### How Executives Engage

#### Shape Strategy with Peer Leaders

Executive Forums, including the [Global Roundtable](#), [Inclusion Executive Forum](#), [Executive Sponsors Forum](#), and [CMO & CCO Coalition](#), connect senior executives across industries to exchange insights in a trusted environment. These forums create space for leaders to benchmark approaches and shape how disability inclusion is advancing at the enterprise level.

#### Access Strategic Insights and Research

Leverage [data and research](#) to inform decision-making, identify emerging trends, and align disability inclusion with enterprise priorities and market opportunity.

#### Translate Data Into Action

Pair benchmarking with expert-led executive debriefs that translate [Disability Index®](#) results into clear priorities, actionable recommendations, and the highest-impact areas for focused action.

#### Solve Priority Business Challenges

[Project-based consulting](#) engagements provide flexible, targeted support to help organizations act on specific priorities. Expertise across workforce strategy, transformation, and organizational design helps accelerate business performance.

#### Lead Market Influence and Thought Leadership

Participate in high-visibility speaking opportunities and executive conversations at the [Disability:IN Global Conference](#) and [international events](#). These engagements position companies alongside a global network of decision-makers shaping the future of business.
